

The assignments tool presents a variety of learning activities. You view and submit assignments from one location. Your instructor designs assignments that require you to:

- Provide text on the **Upload Assignment** page.
- Attach files from your computer.
- Both provide text and attach files.

How to Submit an Assignment

If your instructor has **not** allowed multiple attempts, you can submit assignments only once. Ensure that you have attached any required files to your assignment before you click **Submit**.

1. On the course menu, select the content area that holds the assignment, for example, the **Assignments** content area.
2. Click the name of the assignment.

Assignments

Chapter 1 Assignment

Answer the following questions from your textbook in a word document.

Why might it be said that "Oceanus" would be a more appropriate name for our planet than Earth?
Define "ocean."
In which hemisphere is more ocean water found?
What is believed to be the age of the oceans according to most scientists?
Describe the "Big Bang Theory."

Add comments about your submission that you want your instructor to know.

Character count: 73

- A success message appears, confirming the assignment submission.

This assignment is complete. Review the Submission History.

How to Save an Assignment as Draft and Submit Later

Use the **Save as Draft** function if you need to return to your assignment at a later time. This function saves your comments and files on the page. You can resume your work where you left off when you return.

- On the **Upload Assignments** page, click **Save as Draft** to save your changes and continue working later.
- Return to your assignment and click the assignment link.
- On the **Review Submission History** page, click **Continue Current Submission**.
- On the **Upload Assignment** page, make your changes.
- Optionally, add comments in the **Comments box**.
- Click **Submit**. The **Review Submission History** page appears showing the information about your submitted assignment.

When you finish your assignment, you must click **Submit**. If you do not, your instructor will not receive your completed assignment.

How to Edit or Resubmit an Assignment

Your instructor may allow you to submit an assignment more than once for a variety of reasons. For example, your instructor can provide comments on your first draft so that you can try to improve your work. Your instructor can choose to use either the highest graded attempt or the last graded attempt for your grade.

If your instructor has allowed you to submit an assignment more than once, you will see a **Start New Submission** function on the **Review Submission History** page. You access this page by clicking the assignment link in your course.

Ensure that you have attached any required files to your assignment before you click **Submit**. If you do not click Submit, your instructor will not receive your completed assignment.

1. Return to your assignment.
2. Click the assignment.
3. On the **Review Submission History** page, view the details of your first submission. Click **Start New Submission**.
4. On the **Upload Assignment** page, make your changes to the new submission.
5. Optionally, in the **Comments** box, type your comments.
6. Click **Submit**. You are returned to the **Review Submission History** page where your submission appears.
7. View your past submission attempts by expanding the **Attempt** section.

Saturn is the 6th planet from the Sun. It is also the second largest, the first being Jupiter. Saturn was first viewed by Galileo in 1610. Saturn was first visited by NASA in 1979.

"Like Jupiter, Saturn is about 75% hydrogen and 25% helium with traces of water, methane, ammonia and "rock", similar to the composition of the primordial Solar Nebula from which the solar
